Principal's Message

"Education is not preparation for life; education is life itself"

- John Dewey

College life is amongst the most cherished memories for all of us. The knowledge gained inside and outside the classrooms, competitions and activities conducted, the friendships forged and camaraderie built are all intertwined with these memories. At Chinmaya Arts and Science College for Women, we leave no stone unturned to capture this essence of the student life. The amalgamation of thoughts, aspirations, preparation and participation generates a unique flavour to our college magazine every year and becomes a prized possession for our students.

This year too, our staff and students have poured their hearts out in compiling the activities of the year gone by. A collection of poems, thought provoking ideas, inspiring artistry and creativity, this magazine provides an opportunity to the readers to peep into the hearts and minds of our future generation. The enthusiastic participation of the youth in all the activities inspires confidence and optimism about the bright future of our country in their capable hands. It envisages our motto "you can, you must". I invite everyone along, on this wondrous journey of ideas, thoughts and creativity presented here and hope all of you will have as much fun reading it, as we had compiling it.

Best wishes and Happy Browsing!

"The highest education is that which does not merely give us information, but makes our life in harmony with all existence."

-Rabindranath Tagore

As we begin this new academic year, we are excited to share with the stories, achievements and experiences that make our college community thrive through "Thejasvi 2023-24". I am proud to lead this team of dedicated writers, designers and photographers who are passionate about sharing our college's story.

I express my sincere gratitude to our Principal Dr. Seema M Thayil, Chief Editor of "Thejasvi" for her support and help.
